## DETAILED ACTION

### *Response to Remarks*

1. Applicant is again reminded that the original patent, or an affidavit or declaration as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. It is noted that applicant has filed Consent of Assignee Offer to Surrender Original Patent.

2. Regarding the Objection to Reissue Declaration/Oath, applicant's arguments filed May 29, 2002 have been fully considered and overcome the Objection set forth in the Office Action dated January 29, 2002.

3. Regarding the Objection under 37 CFR 1.172(a) (Ownership Interest), Applicant's arguments filed May 29, 2002 have been fully considered but they are not persuasive. The documents applicants are relying upon in support of their argument (Petition decision of August 17, 1998, etc.) are not found attached to original 3.73(b) statement or attached to response filed May 29, 2002. An assignee must establish its ownership interest in order to support the consent to a reissue application required by 37 CFR 1.172(a). The assignee's ownership interest is established by:

(a) filing in the reissue application evidence of a chain of title from the original owner to the assignee, or

(b) specifying in the record of the reissue application where such evidence is recorded in the Office (e.g., reel and frame number, etc.).

The submission with respect to (a) and (b) to establish ownership must be signed by a party authorized to act on behalf of the assignee. See MPEP § 1410.01.

The Consent of Assignee Offer to Surrender Original Patent and Proof of Ownership supplied by applicant is noted; however, it fails to satisfy either condition (a and b) set forth above. There is no evidence in the instant disclosure of a chain of title demonstrating ownership as asserted by applicant.

An appropriate paper satisfying the requirements of 37 CFR 3.73 must be submitted in reply to this Office action.

4. Regarding the Rejection under 35 U.S.C. 251, applicant's arguments filed May 29, 2002 have been fully considered and overcome the Rejection set forth in the Office Action dated January 29, 2002.

#### ***Information Disclosure Statement***

5. The information disclosure statement filed June 22, 2000 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

***Conclusion***

6. This application is in condition for allowance except for the following formal matters:

receipt of original patent, or an affidavit or declaration as to loss or inaccessibility of the original patent; and

establishment of ownership interest in the patent.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
